

## **International Livestock Congress Student Program Travel Bursary Guidelines**

In an effort to enhance the educational experiences of university and college students and strengthen the leaders of tomorrow's livestock and meat industry, the ILC awards travel bursaries each year for the International Livestock Congress to senior level undergraduates and graduate students attending accredited colleges or universities.

The International Livestock Congress Calgary, managed through a partnership of the Canadian Cattlemen's Association, Calgary Stampede and the ISEF, is a unique global event that brings leaders from the livestock and meat industry together to discuss issues of international importance that affect the future of animal agriculture. Students will participate in the event **Sunday August 8 to Wednesday August 11, 2010** in Calgary, Alberta. Events will include the International Livestock Congress Calgary, the ILC Student Forum and tours of beef related facilities north and south of Calgary including feedlots and ranches.

- Bursary includes airfare, ground transportation, hotel and scheduled meals. Scholastic achievement, leadership experiences and letters of recommendation are all part of the stringent qualifying requirements for this fellowship.
- Bursary recipients must participate in all activities laid out in the ILC Student program and develop a professional paper that summarizes the outcomes of the event.
- These papers must be submitted in English to the student's department head and a copy forwarded to the ILC office within 90 days following the Congress. Papers will be evaluated by a selection committee for possible publication in the event proceedings.
- Recipients will also be required to make a presentation to a breed association or a similar group in their area about their experiences at the International Livestock Congress.
